3.3 The following are the amounts due and owing by the Mandated Related Parties arising from the Recurrent RPT to PIB Group which have not exceeded the credit terms as at 31 March 2024 (being the latest practicable date):

Companies within PIB Group	Related party	Amounts due and owing to PIB Group by the Mandated Related Parties pursuant to the Recurrent RPT which have not exceeded the credit terms as at 31 March 2024 (being the latest practicable date) for the following periods (RM)							
		One year or less		More than one to three years		More than three to five years		More than five years

PIESB	PIS	41,866.62	N/A	N/A

There are no late payment charges imposed on the aforesaid amounts and PIB does not intend to take any action against the Mandated Related Parties to recover such amounts, as such amounts due and owing by the Mandated Related Parties to PIB in this Section 3.3 have not exceeded the credit terms as at 31 March 2024 (being the latest practicable date).

4. THE RELATIONSHIP OF THE COMPANY AND ITS RELATED PARTIES FROM A BUSINESS POINT OF VIEW

- 4.1 It is the business strategy of HH and PIIC to establish subsidiaries in different countries to take advantage of the unique characteristics of their respective operating environments including customer profile and requirements, labour costs, availability of skilled labour and market condition. As such, the products manufactured by the HH and PIIC group of companies (“**HH/PIIC Group**”) throughout the world, including the Company and its group of companies are driven by suitability and market condition.
- 4.2 All the companies within the HH/PIIC Group employ the profit center system. This means that each company and their respective management are responsible for their own profit generating activities and all transactions are conducted on an arm’s length basis based on prevailing market conditions.
- 4.3 PIB Group establishes associates located outside Malaysia, particularly PIS, to take advantage of the cost-saving benefits, including lower service charge and labour costs. This enables the Company and its group of companies to manufacture more competitive products and meet market demand, while ensuring that all transactions are conducted on an arm’s length basis based on prevailing market conditions.
- 4.4 The proposed shares allotment from PIIC to PIT aligns with our Group’s strategy to enhance PIT’s manufacturing facilities and production capacities, preparing for substantial orders and new projects in the sale of cable assembly and wire harness for the EV segment. Consequently, the shareholding for PIB in PIT will be reduced from 100% to 55%.

5. THE RATIONALE FOR, AND THE BENEFIT TO THE COMPANY AND ITS GROUP OF COMPANIES TRANSACTING WITH RELATED PARTIES

Strictly from a business point of view, the sale of raw wires and cables by PIWSB to PIIC/PIIC Group and PIS are premised on commercial terms not more or less favourable than those that PIWSB would transact with any other non-related parties and are not to the detriment of the minority shareholders.

However, by PIWSB selling raw wires and cables to PIIC/PIIC Group and PIS, PIWSB would be transacting with parties whose background, financial well-being and management are familiar to PIWSB. PIWSB can therefore make more informed commercial decisions and help ensure timely recovery of business debts from such parties.

Similarly, the purchase of products and machineries by PIWSB, PIW Enterprise, PIESB/PIESB Group and PIT from related parties are also based on prevailing market conditions and terms and as such there is no price advantage for PIWSB, PIW Enterprise, PIESB/PIESB Group and PIT to purchase products and machineries from Mandated Related Parties on terms which are no more or less favourable than those available to other non-related parties and are not to the detriment of the minority shareholders.

However, by PIWSB, PIW Enterprise, PIESB/PIESB Group and PIT purchasing products and machineries from Mandated Related Parties, the PIB Group benefits by the sharing of products information which will lead to improving product quality, specification, reliability vis-à-vis other

non-related party suppliers and timely delivery. Furthermore, transactions are between parties who are confident of the financial well-being and management of the related parties. Therefore, the in-depth knowledge and sharing of information will enable the PIB Group to ensure (i) consistency in the quality of its products (which use and/or incorporate materials and/or machineries purchased from PIIC/PIIC Group/HH/HH Group) (ii) reliable supply of materials (iii) better control of inventory, time and costs and (iv) a more effective channel of review and (v) improvement in product quality.

PIIC, which is a well-established company in the global electronic and electrical industry, has a wealth of international business networks and contacts and they are able to introduce new businesses and ventures to PIB Group. PIIC's strong technical knowledge of the electronic and electrical industry will allow PIB Group to tap into its resources to keep abreast with the latest technological development/trend and enabling transfer of technology and know-how. PIB will also benefit from PIIC's global management services through sharing of management information and assistance.

Additionally, the sale of raw wires and cable and mechanical parts by PIWSB and PIESB to PIS are intended to meet the business needs of PIB Group on the best possible terms. Selling prices are determined based on prevailing market terms and conditions, and there is hence no price advantage taken by any entity within the PIB Group.

Again, by PIESB providing contract electronic manufacturing services to HH/HH Group, PIESB enjoys vis-à-vis other customers, the advantages of dealing with parties whose background, financial well-being, management, products and demand of quality are familiar to PIESB. These factors are very important to PIESB in view of the increasingly competitive and demanding contract electronic manufacturing industry with decreasing margin.

Above all, the RPT described above are recurrent in nature and are made in the ordinary course of business on terms not more favourable to the related party than those generally available to the public and are not to the detriment of the minority shareholders.

The obtaining of the shareholders' mandate on an annual basis would eliminate the need to convene separate general meeting from time to time to seek shareholders' approval as and when potential Recurrent RPT with a Mandated Related Party arise, thereby reducing substantially administrative time and expenses in convening such meetings, without compromising the corporate objectives of the PIB Group and adversely affecting the business opportunities available to the Company and its subsidiary companies.

6. THE METHODS OR PROCEDURES ON WHICH A TRANSACTION IS PRICED

The Directors of the Company and its group of companies will ensure that the methods or procedures adopted for pricing a transaction with related parties are determined in accordance with the normal procedures and standards currently adopted by the Company and its group of companies in transactions with non-related parties conducted on an arm's-length willing-buyer and willing-seller basis taking into account prevailing market conditions and that such transactions are negotiated on the basis of prudent business practice to maximize profit margin or minimize costs and not to the detriment of the minority shareholders.

As required by paragraph 10.09 of the Requirements, the Company has disclosed in the Annual Report of the Company for the year of 2023 the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year from 1 January 2023 to 31 December 2023.

All RPT will be subject to periodic reviews by the Audit Committee to ensure that they have been transacted on arm's length basis and on commercial terms not detrimental to the Company and its group of companies and that proper disclosures have been made in the Annual Report for the year ended 31 December 2023 of the Company in respect of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year.

The PIB Group has implemented and will continue to implement the following procedures for RPT and the methods for which transaction prices are determined in order to ensure that Recurrent RPT will be undertaken on an arm's length basis and on normal commercial terms and on terms not more favourable to the related party than those generally available to the public and are not to the detriment of the minority shareholders:

- a. A list of related parties will be circulated within the PIB Group and each related party will be notified that all Recurrent RPT are required to be undertaken on arm's length basis and on normal commercial terms and on terms not more favourable to the related parties than those generally available to the public;
- b. All Recurrent RPT to be entered into will be reviewed by one senior manager to ensure that the transactions are not more favourable to the related party and will not be to the detriment of minority shareholders;
- c. The annual internal audit plan shall incorporate a review of all Recurrent RPT intended to be entered into pursuant to the shareholders' mandate to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions are adhered to;
- d. Records will be maintained by the Company to capture all Recurrent RPT which are entered into pursuant to the shareholders' mandate;
- e. The Board and the Audit Committee shall review the internal audit reports on a quarterly basis to ascertain that the guidelines and procedures established to monitor Recurrent RPT have been complied with;
- f. The Board and the Audit Committee shall have overall responsibility for the determination of the review procedures with authority to sub-delegate such responsibilities to individuals or committees within the Company as they deem appropriate. If a member of the Board or Audit Committee has an interest in a transaction, as the case may be, he will abstain from any decision making by the Board or Audit Committee in respect of the said transaction;
- g. The prices, terms and conditions of a transactions will be determined by market force, under similar commercial terms in respect of transactions with third parties taking into considerations the demand and supply of the products and its availability in the domestic market;
- h. The cost-plus method will be used to determine the transaction price. This method adds an appropriate mark-up to the cost of production and will best determine an arm's length price. The appropriate mark-up is the percentage earned by the Company on the RPT/sales;
- i. At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, whenever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, to ensure that the Recurrent RPT is not detrimental to the Company or the PIB Group, the transaction price will be determined in accordance with applicable industry norms, prevailing commercial rates and at rates not more favourable to the related parties than those generally available to the public; and
- j. There are no specific thresholds for approval of Recurrent RPT within the PIB Group. However, all Recurrent RPT are subject to the approval of Senior Marketing Manager and reviewed by the Board from time to time, subject to the provisions in the Requirements and/or the Act, where necessary.

The Audit Committee is of the view that:

- 1) the procedures adopted by PIB Group are sufficient to continue to ensure that the Recurrent RPT are not more favourable to the related party than those generally available to the public and not to the detriment of minority shareholders; and
- 2) the PIB Group has in place adequate procedures and processes to monitor, track and identify the Recurrent RPT in a timely and orderly manner, and the frequency of review of these procedures and processes is to be done on a quarterly basis.

The Audit Committee has seen and reviewed the Recurrent RPT for the financial year ended 31 December 2023 and is of the view that the Recurrent RPT were conducted according to the procedures as set out in the Section 6 of the Circular to the Company's shareholders dated 20 April 2023 where the shareholders' mandate was subsequently granted to the Company on 19 May 2023.

7. VALIDITY OF THE MANDATE

The Proposed Shareholders' Mandate is subject to annual renewal. In this respect, any authority conferred by a mandate shall only continue to be in force until:

FURTHER INFORMATION

1. Directors' Responsibility

This Circular has been seen and approved by the Directors of the Company and they individually and collectively accept full responsibility for the accuracy of the information given in this Circular and confirm that after having made all reasonable enquiries, and to the best of their knowledge and belief, there are no other facts, the omission of which would make any statements herein misleading.

The transaction amounts for the Recurrent RPT set out in Section 3.1 of this Circular (in particular, column 7) represent the estimated annual value only. As such, the sole responsibility of the Directors of the Company, in relation to the transaction amounts thereof, is limited to ensuring that such information is accurately reproduced in this Circular.

2. Material Contracts

The Company and its subsidiary companies have not entered into any other contracts outside the ordinary course of business which are or may be material within the past two (2) years preceding the date of this Circular.

3. Material Litigation

Save as disclosed below, the PIB Group is not engaged in any material litigation, claims or arbitration either as plaintiff or defendant, and the Directors do not have any knowledge of any proceedings, pending or threatened, against PIB Group or of any facts likely to give rise to any proceedings which might materially affect the financial position or business of the PIB Group.

PIESB, a wholly owned subsidiary company of the Company had received demand letters dated 2 February 2015, 19 March 2015, 22 June 2015 and 21 July 2015 from the Royal Malaysian Customs regarding short collection of import duty and sales tax from PIESB amounting to RM8,432,282.51 and RM841,342.00 respectively.

PIESB had received a letter from the Royal Malaysian Customs in January 2016 blacklisting the directors of PIESB from leaving and entering the country with the Immigration Department of Malaysia. PIESB subsequently filed a judicial review application with the High Court of Malaya at Penang to challenge the action of the Royal Malaysian Customs to blacklist their directors and the Royal Malaysian Customs agreed to lift the blacklisting of the directors of PIESB on the condition that PIESB pays a bank guarantee. Upon such request of the Royal Malaysian Customs and advice from PIESB's consultant, PIESB had paid 20% of the total amount demanded by the Royal Malaysian Customs on January and July 2016 respectively as payment under protest to commence the appeal process. To date, the Royal Malaysian Customs had not filed any civil suit against PIESB in respect of the unpaid import duty and sales tax from PIESB amounting to RM8,432,282.51 and RM841,342.00 respectively. PIESB had on 20 April 2016 filed an appeal with the Minister of Finance and such appeal was refused by the Minister of Finance on 31 October 2017. Subsequently, PIESB filed a judicial review application with the High Court of Malaya at Penang on 19 January 2018 to challenge the decision of the Minister of Finance in refusing PIESB's appeal. The judicial review application was fixed for hearing on 4 May 2018 and subsequently adjourned to 8 October 2018. The High Court judge dismissed PIESB's application for judicial review. Following the dismissal by the High Court, PIESB had submitted the case to the Court of Appeal for further review. The Case Management and hearing date in the Court of Appeal had been fixed on 18 February 2019, 24 June 2019 and 23 July 2019 respectively. The Court of Appeal had decided that the appeal was premature since there was no documentary evidence showing that the then Minister of Finance had dismissed PIESB's appeal for remission of the import duties and sales tax. Subsequently, PIESB had resubmitted a fresh appeal letter to Minister of Finance on 7 October 2019 to request the Minister of Finance to reconsider and allow its appeal for the remission of the import duties and sales tax. PIESB submitted another appeal letter to the Minister of Finance on 10 November 2021.

Fold this flap for sealing

On 17 November 2021, the Royal Malaysian Customs has called on the CIMB Banker's Guarantee. However, negotiation was carried out between PIESB's external consultant and the Royal Malaysian Customs to stop the calling of the CIMB Banker's Guarantee and the Royal Malaysian Customs conceded to monthly instalments by PIESB instead. In December 2021, an additional payment of RM741,889.96 had been made by PIESB to the Royal Malaysian Customs based on a notice of demand received from the Royal Malaysian Customs. Taking into account the payments made by PIESB to the Royal Malaysian Customs thus far, the estimate of PIESB's maximum exposure to liabilities currently stands at RM6,677,009.65.

On 4 January 2022, PIESB managed to get a secure letter from the Minister of Finance, which was copied to the Royal Malaysian Customs, requesting for the Royal Malaysian Customs to stop on the Banker's Guarantee claims, and to stall the monthly instalment payments until June 2022, or until the Minister of Finance arrived at the final decision (whichever earlier). PIESB has also appealed to the Malaysian Investment Development Authority/Ministry of International Trade and Industry for further advise on this case and pending for final decision. The case has been referred to Legal/Law Department in the Minister of Finance for further decision as informed by Puan Faeza Afandi, Penolong Setiausaha Bahagian Cukai.

On 22 May 2023, the Minister of Finance rejected PIESB's letter of appeal and instructed PIESB to bring the appeal up to the courts. As such, PIESB engaged its solicitors to file a judicial review against the Minister of Finance and the Royal Malaysian Customs in relation to the above matter.

On 19 February 2024, the High Court of Penang ruled in favour of PIESB and set aside the demand letters received by PIESB from the Royal Malaysian Customs in 2015. As the decision of the High Court of Penang is consistent with PIESB's assessment of its chances of success made in prior years, no adjustments are required to be made to the financial statements of the Group as at the reporting date.
